

# LSI Toronto News!

## February 2006

### Executive Centre Programmes

A few photographs of one of our executive classrooms:

LSI Toronto has a full range of Business and Executive English programmes: Mini-Group, 1:1, the new Executive Advantage Programme and the Compact course. Each of these is designed to meet the goals of highly motivated individuals and we are very proud of the results we have helped them to achieve over the years. With the highest quality and latest materials, full access to the internet, business periodicals and other media, the executive programmes can meet the needs of a wide variety of clients in a pleasant and professional atmosphere.

To add to the value of their experience, business and executive students will have the benefit of the following:

- Wireless internet access
- Complimentary morning coffee or tea
- Dedicated workstation and printer

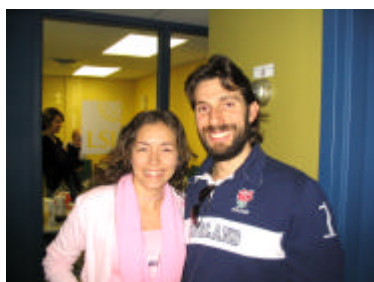

## LSI Toronto iBT Testing Centre

LSI Toronto is pleased to announce that it is now an approved TOEFL iBT Testing Centre.

We held our first test on 21 January and were very impressed with the new format. The technology and communications worked perfectly and we were completely sold out!

The new test is becoming very popular and we have already begun teaching classes using the most up-to-date materials available. There are two options now for students: students who are at a strong intermediate level can take a morning TOEFL course; while Intensive 30 students can still take TOEFL Preparation as an afternoon elective.

If you would like more information about these classes, please do not hesitate to contact LSI Toronto at [tor@LSI.edu](mailto:tor@LSI.edu).

LSI Christmas Party

Bluejays hit a home run!

## Cambridge Exam Preparation

And finally, remember that the Spring course starts on 27 March!

This course is one of the most successful preparation courses in the city. It can be taken on its own, or as an integral part of our ISY 30 program. Students at the intermediate or higher level should seriously consider these important advantages of the Cambridge programme:

Equal focus on all language skills

Emphasis on both accuracy and extending communication skills

International standard, recognised around the world

Goal-oriented, challenging materials
